## Miscellaneous

Oh dear. Two articles in a row. I'm not sure if I can do this one without repeating anything from previous articles. Yeah. Wish me luck here.

So, you know the Gents officers (The Board) have been meeting fairly regularly to ensure the club's survival. No need to worry—the dust is settling and we are going to be just fine (crap. Did I repeat something from a previous article?)

Not only have our officers been meeting, our own Dean C. has been working hard to include us in activities put on by other members of the car community.

While I haven't personally been able to participate, it's wonderful to know the car community is still alive and very active.

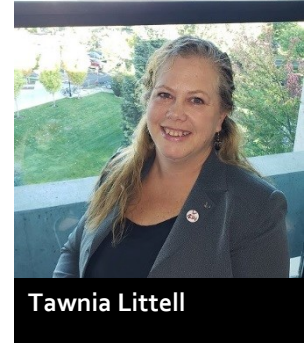

One of the reasons I haven't participated is the fact that Baby refused to start for me this year. Well, a HUGE THANK YOU goes to Mike Pringle for helping me determine what was wrong then coming over and replacing her fuel pump. She's purring like a kitten now!

I would have driven the Bel Air but it's stuck in front of other cars that aren't moving right now. We got issues in the garage. But at least Baby is running! WOO HOO!

What else shall I write about? What do you want to know?

I know I want to know about more of our members. Kit—you were supposed to get me an article about your work.

I think I've run out of

Tawnia Littell

things to talk about. Our Sergeant At Arms, Paul Inman, gets to write the next article. I wonder what wonderful words of wisdom will he'll provide. And yes, I tried to keep the alliteration but I failed.

In closing, this club is awesome and I remain honored to be a part of it all.

I'll see you soon!  
Tawnia

Frustrating as this is, the Gents have been invited to Jack and Rosie Haley's for an informal gather on August 5th at 6pm.

**As of July 27, this is still on:**

Ok...lets try this again!

We have an October date for the show with the fairgrounds. This was the soonest date I could get with the fairgrounds to still have a show this year, and hopefully be safe to GO by then.

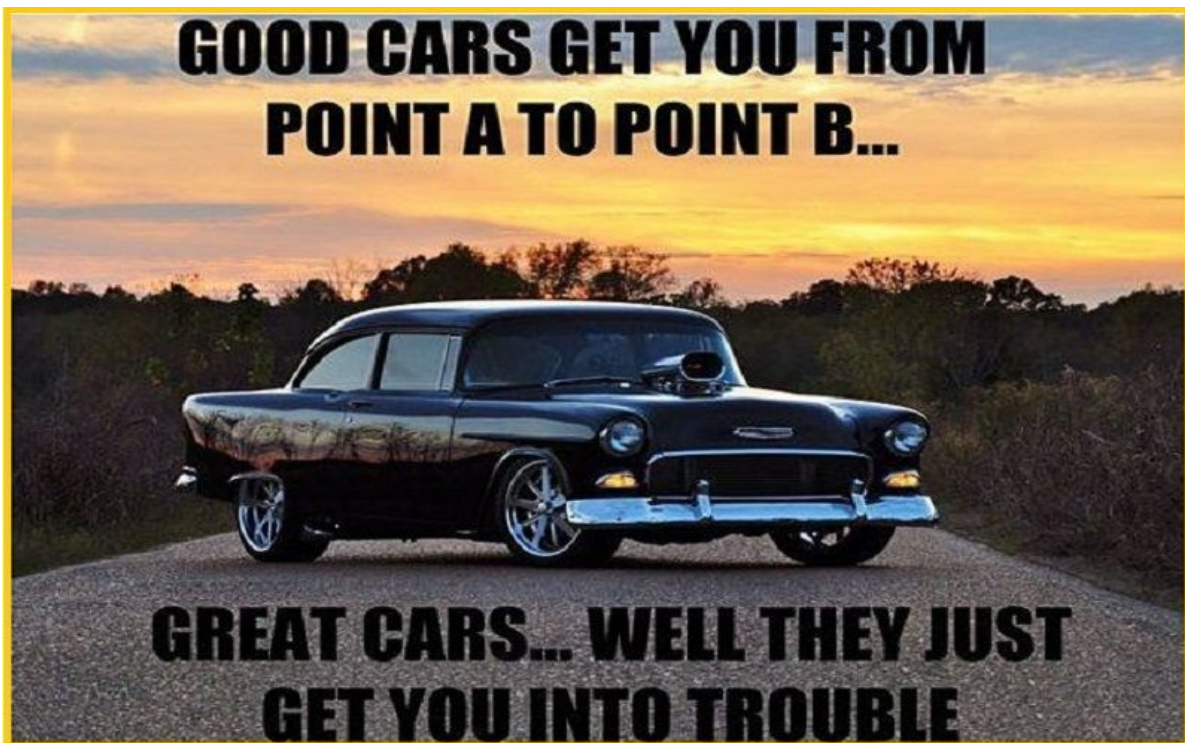

The 2020, 4th annual Spokane Speed and Custom Show is set for October 23-24-25 of 2020.

I will start working on contacting participants, vendors and sponsors to put the show back together. Will announce any openings as they come available.

Thank you for your endless support of the show, by now we're ALL ready to have and see a car show.

And for the April 2021 show, I will be adding two more buildings!! Bigger and better in 2021!

~Brian Anderson

## Members Helping Members

Members, it’s been said before and it’ll be said many more times—these are indeed strange and trying times. Please keep each other in your thoughts and prayers as we all battle physical and emotional issues.

Do you have any work that needs to be done? Don’t be afraid to reach out and ask. Even if it’s not car related. We are family. What one person can’t do, another person can. We are all in this together. Let’s rely on each other to get through this.

## Announcement

Due to the many regular car show cancellations, many are just going out cruising. Groups such as Pacific Northwest Cruisers and Spokane Riverside Cruisers put on organized cruises quite often. Check them out on Facebook.

If you don't have social media account(s), touch base with someone that does. Often during these tumultuous times, a cruise happens with little to no warning—often just a post on Facebook a day or two ahead of time. If you hear of something, share it with Tawnia, Dean Carriveau,

or Bill Keehner so we can put it on Facebook.

Weekly cruises are happening all over town. The regularly scheduled Riverside Cruise is happening outside of downtown due to safety concerns not centered around the car community.

Our own Cruise Committee is hard at work (?) creating a list of fun cruises for the Gents. More information on this is forthcoming.

Hang in there, folks! See you soon!

the head.
