Inflation Hits the Gents

A little bit of bad news this time around. I'm sure everyone has noticed prices have been rising on about everything we buy, like gasoline, groceries, etc.

The club does not make any profits off the sale of apparel.

With that being said, starting the beginning of the new year, we will have to raise the prices on all club apparel. The increase will about to about twenty percent. Ten dollar t-shirts will be \$12. Ten dollar caps will also be \$12. And so on...

Don Rogers

We will put together a new catalog with all the changes available. The apparel I have on hand will go for the prices before the increase.

As always, if you have any questions, please ask.

That's all folks. Enjoy the remainder of the season.

~Don Rogers, Gents Treasurer

So it's no different with our club apparel. The reality is, prices have been rising since the start of this pandemic. Through special agreements, we were able to hold the prices down some what.

Personal note from the newsletter editor:

As stated in the last newsletter, there will be birthday party at the Eagles on December 4, the day before the Gent’s Christmas gathering.

On the 4th, dinner will be from 5-6 and then live music (hopefully provided by our very own Donner Party) will commence around 6pm.

This is my formal invitation to you to help me celebrate my 50th birthday.

Please come to one or both events that weekend. It’s going to be a great one!

Butternut Squash Soup

★★★★★

Delicious and very easy to make. You can use 3 to 4 cups of chicken broth instead of the water and bouillon cubes. Also works well with half as much cream cheese if you don't want it too rich.

By Mary

Prep: 25 mins**Cook:** 35 mins**Total:** 1 hr**Servings:** 6**Yield:** 6 servings

Ingredients

6 tablespoons chopped onion
 4 tablespoons margarine
 6 cups peeled and cubed butternut squash
 3 cups water
 4 cubes chicken bouillon
 ½ teaspoon dried marjoram
 ¼ teaspoon ground black pepper
 ⅛ teaspoon ground cayenne pepper
 2 (8 ounce) packages cream cheese

Directions

Step 1

In a large saucepan, saute onions in margarine until tender. Add squash, water, bouillon, marjoram, black pepper and cayenne pepper. Bring to boil; cook 20 minutes, or until squash is tender.

Step 2

Puree squash and cream cheese in a blender or food processor in batches until smooth. Return to saucepan, and heat through. Do not allow to boil.

Ed's Premier Auto Body

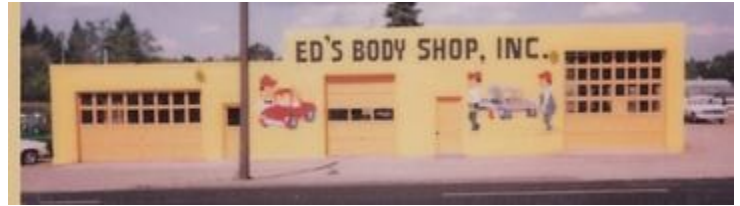

Proud Sponsor of the Gents Auto Club

2707 E Francis Ave, Spokane WA 99208

509-467-8448

Ed's Body Shop in the 1960s

Ed's Body Shop in the 1980s

Ed's Premier Auto Body has been serving the greater Spokane area for over 60 years. Founder, Ed Welsch started the Ed's legacy in 1956 and quickly became well known throughout the Spokane area as the best body shop in Spokane. Starting out in his garage, he moved to where we currently reside on East Francis. Second generation owners, Al and Joyce Keen took the reins in 1981. Al and Joyce continued to build on Ed's legacy as the best repair facility in Spokane for the next 24 years, before third generation current owners, Brian and Jason Keen took over in 2005.

To date Ed's has repaired over 51,000 vehicles for Spokane and the surrounding areas.

Ed's is so much more than a body shop. We have fully trained and certified technicians ready to assist you in any repairs you may need

Have damage to your vehicle? Text your pictures to us and we will be glad to review them and help you with advice on repairing your vehicle properly.

Text "Estimate" to 509-467-8448 attach your pictures and we will respond as soon as we can. Be sure to include your VIN.

Photo estimates should only be used for informational purposes only. They should not be relied on for accurate estimations on damages to a vehicle.

The only way for us to compile a complete estimate is to perform a 100% disassembly of the vehicle, review and research OEM repair procedures, verify parts, pricing, availability Etc. This is typically performed after the vehicle has been dropped off for repairs. Even with disassembly and research, it is still possible to encounter additional repair costs during the repair process, especially as complicated as vehicles are today to repair.

Contact us today for more information.

Phone number is listed above. Our website is <https://www.edspremier.com/home.html>

Ed's Body Shop today

Terre Sevyn

As many of you know, I have been heavily involved with this wonderful car club for roughly 10 years now. And for those who don't know, I am the club's official professional photographer and graphic artist. My company not only photographs and produces our calendar every year, but we also design and produce many other print products for a variety of needs throughout each year.

I also own a company that some of you may not know about. This company is called Terre Sevyn and is dedicated to the best medical CBD products and education that can be found anywhere. No, we are not a recreational outlet, and we have nothing to do with the typical "marijuana / getting high" thing that is common in this industry today. We produce medical products and the only medical cannabis CME (Continuing Medical Education), for all medical practitioners in the United States. Please feel free to go to our website and watch the "trailer" under the CME tab. This along with our unique products, set us apart from all the other companies who claim to have good quality CME products and services.

Years ago, after several of our employees and clients had serious medical issues that were "turned completely around" by CBD, we started to do our homework and pay attention to what and how

this was working. We now have the absolute best CBD products on the market today and our sales and testimonials reflect just now much this is helping people to find a more natural way to fix their medical issues, and save a substantial amount of money along the way.

Our products are 100% satisfaction guaranteed and all done in-house so we have full control of what and how they are made, produced and brought to the public. There are a substantial amount of club members who currently use our products regularly, so ask around if you wish to see what others say and think about our products.

If you are experiencing Pain, Anxiety and/or Depression, you might want to come in and see if any of our products are a good fit for you. We currently have the following products in stock and ready to sell:

- Topical Salve
- Tincture
- Gel Caps

- Bar Soap (8 different scents)
- Roll-on Repair
- Infused Coffee
- Nasal Spray
- Dog Treats
- Medical Mushrooms (Lions Mane, Reishi, Coryceps, Turkey Tail)

We also have several new products being tested currently and we will have these up on the website once approved. Our company has always been very aware of the stigma associated with cannabis. We take this business and these products very seriously and will welcome any questions you might have. Our number one goal is to not only help with any medical issues anyone has, but also to educate along the way. When a client "fully understands" what these products can do for their ailments and how to use them properly, the process and success is always quicker and at higher levels. My team and I are here to answer any questions you might have. We urge you to call, email or simply come in with anything you would like to know more about regarding this exploding and often confusing new industry.

VOTING

We will be voting for new board members on November 3rd. Your attendance and participation is strongly recommended. The President, Vice President, and Secretary are running unopposed (Dan Ray is not a candidate but I'm glad he has a good sense of humor). You will be asked to choose between Ben Curtis and Gary Kivett for Sergeant At Arms. Both are excellent candidates. If you have any questions, please ask a current board member.
