## President's Message

*Hello again, my fellow Gents! I hope all of you are doing well. I don't know about you, but I am having a*

*hard time believing that the month of July is over. Although it was a very hot month, I would like to thank all of you for your participation during this cram-packed, activity-filled 31 days. I am looking forward to August - let's all work hard to make it the best month of the season! On that note, I'd like to share a highlight of my July: I know I am always preaching that we need to share our passion with others every chance we get. Recently I had an opportunity to do just that. I was approached by a very special young lady whom I've known her whole life. She is the daughter of long-time family friends. We watched her grow up, I even coached her AAU basketball team. She called to tell me that she was getting married in July, asked*

## 2024 Gents Calendar Sponsors

by Dale McHargue

Most people that enjoy viewing the Gents calendars every year don't understand the process of creating one. Early every year a Calendar Committee is formed to find sponsors for each month of the calendar. The committee meets monthly to report progress, discuss ideas for the format, and to begin lining up calendar shots. Each sponsor invests \$500 to fund the costs behind the creation of the calendar. Weather then becomes a factor, but this year was much better than last year for this aspect of the process.

Thanks to Kevin Rothstein, owner of Wishing Well Carpet and Upholstery Cleaning. He is a new calendar sponsor, Welcome Aboard!

Five Mile Auto is a returning sponsor under the new leadership of Ryan Borth. Thank you for your continued support. We're sure your customers will enjoy the calendars!

Zips on Monroe is another returning sponsor. It is always a pleasure working with Ed Ardiss, and grabbing some refreshments from his business while we're there! We appreciate your assistance, Ed.

The calendar shoots are handled by the Gents official photographer, Deke Cloyd. The next step is his delicate work to bring the pictures to life with subtle corrections and enhancements to each picture. The photos shown here are his, but they are not the final iteration of the picture that will be in the calendar. Check them out when the calendar becomes available in approximately September of 2023!

We would like to thank the people that volunteered their time and cars for our calendar shoots: Casey and Lisa Wintler, Lonnie Bickford and Ryan Borth (Five Mile Auto). Jerry Oswald, Dale Gibson, Dan Ray, and Ed Ardiss (Zips on Monroe). Last but not least Barney Ryan, Greg Prouty, Jeff Larson and home owner, Scott Naccarato (Wishing Well Carpet Cleaning). Thanks for helping make the 2024 Gents calendar a success!

When you run into something interesting, drop everything else and study it.

If you can't explain it simply, you don't understand it well enough.

## Silver Lake Bible Camps

Jim Earls court coordinated Gents cars attending the Silver Lake Bible Camps on July 10th and July 18th. The energy from over a 1,000 students reverberated throughout the camp over the two days, and many took time to stop by and thank the car owners that traveled to bring some classic cars to their camp experiences. Summer fun in the sun!

## Thank You Gents Volunteers

by Paul Inman

I would like to personally thank all of the volunteers that helped Brian Anderson's **Great Northwest Gathering** become a success. As usually happens with a new event, things were a little disorganized for our Friday tasks; however, I am always amazed at how our club adapts, improvises and works so hard to make things happen. Many of our volunteers had just worked the INCCC show the night before. And Friday it was HOT! We worked 3 hour and 2 hour shifts for the registration gate. We had some family members join in to augment our team as the heat was getting to be a bit of a problem. Our contribution to the show not only helped things flow smoothly but offset some labor expenses - hopefully ensuring the event will continue in the future. Thank you very much.

if I would please look into finding an old car to take them away from the wedding. I had the privilege of taking her and her friend to their Senior Prom years earlier. I told her I would check and see what I could come up with. After much contemplation I decided I would let them ride off into the sunset in my Bucket

T. When I told her my plans she was very excited. She brought her future husband by the house for some quick driving lessons, and he did just fine! The results produced incredible memories for them, and the guests. I hope when an opportunity arises that you take advantage of it like I did! Until next time, enjoy the pictures and I'll see you soon!
